

Tactical Range

Directly behind the 100-yard range is the entrance to the Tactical Range. The Tactical range offers 270-degree multi target, user created scenarios. Within the range are multiple club provided targets and plastic drums. These targets can be placed at varied locations around the perimeter of the range. The drums are moveable and allow the user to create different defensive positions while engaging multiple targets from a 270-degree angle. We ask that you do not shoot the drums. The drums are there to create barricades and shooting obstacles. They are not targets.

Along with a unique shooting opportunity, this range creates unique safety requirements. There are to be no more than six people within the range entrance chain at any one time. There are to be only two people shooting at a time. The Flag at the entrance to the range must be used to indicate that the range is in use. This is a popular range and we want everyone to enjoy it. Because of this, we ask that members and their guests limit their time within the Tactical range to one-hour increments. After one hour we ask that members check to see if someone is waiting to use the range. If there is, please be courteous and allow them to use it.

Tactical Range rules

- There are to be only two shooters at a time on the tactical range.
- Hearing and eye protection are required on this range.
- Users of this range must be situationally aware at all times.
- Shooters must know where the other shooter is at all times.
- No shooter or bystander may be in the line of fire of another shooter, ever.
- There is to be no shooting over or around another shooter.
- Shooters must be side by side or back-to-back.
- For your own safety and the safety of the club, your membership will be immediately terminated for this type of violation.
- Guests and members who are not shooting must be behind the safe line at all times.
- Targets must be positioned as to not create a hazard for the non-shooters.
- Shotguns are not permitted within the Tactical range due to target damage.
- All other calibers and configurations are permitted. Full auto firearms are not permitted.

Rules for this range are subject to revision as the board determines necessary. All Tactical range rules are posted at the Tactical range.
